

Advisor Approval Form

College Study Abroad Programs

PART 1: For the Student

This form is required for all applicants, although some applicants do not need to have Part 2 completed (see details below). All students on a College Study Abroad program will enroll in 12-16 credits (semester) or 4-credits (summer) and fully participate in the academics of the program. This is true regardless of whether students choose to take courses for-credit or non-credit. After successful completion of the program, for-credit students will have their grades submitted to Dragons' School of Record. For-credit students can then request an official transcript.
